MANAGEMENT DISCUSSION AND ANALYSIS

INTRODUCTION

Dutron Polymers Ltd. was formed to manufacture Plastic Pipes and Fittings, in ISI marked segment of the industry at Dist. Kheda, Gujarat. Today, the Company has been recognized as one of the most reliable quality plastic pipes & fittings manufacturers in India. Its products HDPE, PVC & CPVC pipes and fittings cater to several market areas- agriculture, industries, building, construction and infrastructure projects. The Company is ISO 9001:2015 certified and has been steadily growing its base in all parts of the country, especially in Gujarat and neighboring states.

ECONOMIC OVERVIEW

Global economy remained at slow growth during 2016-17. Indian economy growth was around 7%, slightly lower partly due to demonetization. But current year is promising for Indian economy as several measures like GST implementation; housing, sanitation & water supply schemes will aid the growth.

INDIA'S PLASTIC PIPE INDUSTRY

India's plastic pipe industry has been growing at a pace higher than overall economy's growth in past few years. Plastic pipes are mainly used for Agriculture, Housing, Infrastructure and Industries to carry water, air or chemicals. Almost half of India's plastic pipe market is catered by small and unorganized processors. But with GST implementation and aggressive reaching strategy from large manufacturers, the market is shifting towards organized, branded products.

BUSINESS OUTLOOK

Absence of a single large quantity customer during later part of the year affected your company's financial numbers; your company has devised a strategy of not depending heavily on a specific market or customer. Dutron is focusing on expanding reach of its products to more and more locations throughout the country. The company has introduced DUTRON Drain, underground drainage PVC-U pipe during the year. Gujarat Government's Micro irrigation scheme and Sardar Sarovar Narmada Nigam Limited's water distribution projects are still prospective customers that can boost company's business. Dutron's CPVC Pipes & fittings are manufactured using raw material from Japan's renowned supplier Sekisui. Dutron has been one of the early users of Sekisui CPVC compound 'Durastream' in India. After demonetization and suppressed real estate market, government's focus on agriculture and non agriculture sectors during 2017-18 is likely to result in good demand of HDPE, PVC and CPVC pipes and fittings in coming years.

OPPORTUNITIES AND THREATS

The Government's various infrastructure spending plans in irrigation, drinking water, affordable housing and Smart City projects will give very good opportunity to your company in next couple of years. Replacement of metal plumbing pipes with plastic pipes are increasing taking place in India. Most likely event of introduction of GST will benefit organized plastic pipes manufacturers like your company.

Major risks and threats to your company are related to Global Economic Situation and how India is affected in this. Stagnant building and construction industry is a threat faced by your company.

BUSINESS, OPERATIONAL AND FINANCIAL RISKS

The major risks and concerns which may have impact on Company's business are as follows:

1. Indian Economy and International Economic trends
2. Foreign Currency rate fluctuations
3. Interest rate fluctuations and high rates on inflation
4. Unforeseen circumstances like natural calamities- floods, earthquakes-, closure due to violence
5. Delay in the government spending on infrastructure

Since the company is 100% dependent on import of raw material for CPVC pipes, fluctuations of foreign currency rate affect the most in profitability on CPVC pipes sales. However, it is expected that this fluctuation will decrease due to actions by RBI. Further, Plastic Pipes manufacturing industry is competitive industry and reflects with demand-supply chain, trusted quality, and customer confidence is directly linked with economic factors like consumer reliance, technology and its upgradation etc.

INTERNAL CONTROL SYSTEMS

The Company has built adequate systems of internal controls towards achieving efficiency and effectiveness in operation, optimum utilization of resources, and effective monitoring thereof as well as compliance with all applicable laws. The internal control mechanism comprises of well-defined organization structure, documented policy guidelines, pre-determined authority levels and processes commensurate with the level of responsibility.

FINANCIAL PERFORMANCE

The highlight of financial performance is discussed in the Director's Report. The Audit Committee also reviews financial performance of the Company from time to time.

HUMAN RESOURCES MANAGEMENT

Dutron's belief in trust, transparency and teamwork has yielded improvement in employee efficiency at all levels. The Company's commitment to harmonious industrial relations resulted in enhancing effectiveness of operations and enabled the achievement of benchmarks in industry. The Company's ongoing objective is to create an inspirational work climate where talented employees engage in creating sustained value for the stakeholders. The Company has developed an environment of harmonious and cordial relations with its employees.

We have audited the internal financial controls over financial reporting of Dutron Polymers Limited ("the Company") as of 31st March, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for my /our audit opinion on the Company's internal financial control system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
